

EYFS: 3.20, 3.29

At Early Days Nursery School, we are committed to sharing good practice with those wishing to pursue a career in childcare. We welcome students to join our staff team and gain work experience within our nursery. We will accept two students at a time (one with babies, one with older age group) as more students than this places undue pressure on staff. We do, however, accept occasional placements when research or studies are being carried out that will be of benefit to childcare – though this is more often than not now done online.

We will only offer placements to students who are associated with a recognised child-related course, or on occasions, pupils from local secondary schools on work experience. We offer placements only after discussions with the appropriate tutors and the establishment of close links with the college, training provider or school.

We expect all students to visit the nursery for an interview, followed by their student induction and nursery tour. At this time, students will have the opportunity to read and discuss relevant health and safety policies.

Our policy for those on placements is as follows:

- All students will have an enhanced Disclosure and Barring Service (DBS) check before their placement begins - however this does not apply to school pupil placements.
- All students are assigned to a senior member of staff who will supervise their work and explain the health, safety, and fire requirements of the nursery.
- Students will be supervised at all times by the member of staff assigned to them and will not be left alone with the children. They will only change nappies under supervision.
- Students will be supported to understand nursery policies and procedures including Safeguarding, Health and Safety, Equal Opportunities, Promoting Positive Behaviour, and Whistleblowing policies.
- We require all students to read and sign the Data Protection and Confidentiality policy, Social Networking policy, Mobile phones and Electronic Device use policy, Manual handling, Alcohol and Substance Misuse and Whistleblowing policy.
- It is expected that during the student's placement, their tutor will visit the nursery or have verbal communication with the Student Co-ordinator to receive feedback about the student's progress.
- Students will be offered support and guidance throughout their placement and given constructive, honest feedback in respect of their performance. Staff will respect individual students' needs and abilities.
- An accurate evaluation of ability and performance for both students and training providers will be provided, and the nursery will support students who are experiencing difficulties with action plans if needed.
- All students on placement must adhere to the same codes of conduct as permanent staff including time keeping and dress codes.

- All students are encouraged to contribute fully to the nursery routine and to spend some time with a range of ages, or age experience appropriate to their course.
- Students will not speak directly to parents/carers until it is deemed, they are qualified to do so.

In some cases, we may include students on long term placements (aged 17 and over) and staff working as apprentices in early education (aged 16 and over) in our staff: child ratios. This will be the discretion of the manager and will only occur when the manager is satisfied the student/apprentice is competent and responsible.
