Access and Storage of Information Policy

EYFS: 3.69 – 3.72

At Early Days Nursery School, we have an open access policy in relation to accessing information about the nursery and parents' own children. This policy is subject to the laws relating to data protection and document retention.

Parents are welcome to view the policies and procedures of the nursery which govern the way in which the nursery operates. These may be viewed at any time when the nursery is open, simply by asking the nursery manager or by accessing the file on our Parent Zone which is found on our nursery website. The nursery manager or any other relevant staff member will also explain any policies and procedures to parents or use any other methods to make sure that parents understand these in line with the nursery's communications policy.

Parents are also welcome to see and contribute to all the records that are kept on their child majority of which is on Tapestry However, we must adhere to data protection laws and, where relevant, any guidance from the relevant agencies for child protection.

As we hold personal information about staff and families, we are registered under data protection law with the Information Commissioner's Office. A copy of the certificate can be viewed on the notice board in the corridor along with our parent zone on the website. All parent, child and staff information is stored securely according to the requirements of data protection registration, including details, permissions, certificates and photographic images. We will ensure that staff understand the need to protect the privacy of the children in their care as well as the legal requirements that exist to ensure that information relating to the child is handled in a way that ensures confidentiality.

The nursery's records and documentation that are required to be kept and stored by current legislation are performed in accordance with minimum legal archiving requirements. We currently archive these records for at least 24 years to ensure we are covered for any child protection concerns.

Nursery records and documentation that are not required to be kept are deleted or destroyed in line with the current data protection laws and our Privacy Notice details of which are handed to each parent upon their child joining the nursery.

If parents have a specific deletion or retention request regarding any data that we hold, they are requested to raise a query in writing and the nursery will respond formally to the request.

This policy will be reviewed annually but may be amended according to any change in law/legislation.
